

M42 TAPPING MACHINE

KTM-1200-42 HV

Specification	Details
Model	KTM-1200-42 HV
Electric Voltage	220V, 1200W, 50Hz
Tapping Range	M16-M42
Maximum Radius	1300 mm
Maximum Speed	250 r/min
Low-gear Max Speed	50 r/min
Volume Weight	110 kg
Operational Modes	Vertical, Horizontal, Universal
Tapping Chuck	GT48 M16-M42

Features

- Servo Drive Control with Intelligent Torque Protection:** This machine overcomes the limitations of traditional drilling machines and manual tapping, providing safe and efficient operation.
- Advanced Mechanical Design:** Constructed with mold castings used in various processes, the machine features strong overall rigidity, durability without deformation, and an attractive appearance.
- User-Friendly Touch Screen:** The high-definition touch screen is simple and flexible to operate, allowing for both vertical and horizontal work on complex and heavy workpieces. It ensures rapid positioning and accurate processing.
- Infinitely Variable Speed with Three Working Modes:** Choose from manual, automatic, or linkage modes to suit your needs. In automatic mode, the machine effectively controls the tapping depth without the need for button operation, thanks to an automatic depth controller. This enables quick reconstruction, fast tapping speed, and high production efficiency.
- Applicable Workpiece Materials:** The electric tapping machine can easily tap various metal materials, including lead, copper, steel, cast iron, pig iron, 45 steel, die steel, and other similar materials.
- Applicable Industries:** This electric tapping machine is ideal for use in all machinery manufacturing industries, such as machine tools, mold machinery, plastic machinery, printing machinery, packaging machinery, engineering machinery, automotive and motorcycle parts, aviation engines, rolling stock, tobacco machinery, and general machinery industries.

At Kertz, we're delighted to support our customers across various industries and businesses by offering high-quality tools and machinery. Additionally, we provide exceptional service to ensure our customers' success.
