

Cordless Portable Work Light

Portable Work Light KWL - B8000

Illuminate your workspace with our high-performance Kertz Cordless Portable LED Work Light, designed for maximum brightness, durability, and convenience. Its robust construction ensures it can withstand the rigors of any industrial environment, while its adjustable head allows you to direct light exactly where you need it. With a long-lasting rechargeable battery, this work light provides hours of uninterrupted illumination, making it an essential tool for any professional. Whether you're working in tight spaces or need reliable lighting for outdoor projects, our Cordless LED Work Light is engineered to enhance your productivity and safety.

Key Features

- **Powerful Illumination** – Delivers an impressive 8000 lumens for excellent visibility in any work environment.
- **Cordless & Portable** – Runs on an 18V rechargeable battery, offering hassle-free mobility.
- **Adjustable Height** – Easily extendable for optimal lighting angles.
- **Rugged Durability** – Built with an IK07 impact resistance rating, ensuring protection against shocks and drops.

- **Weather-Resistant** – Certified IPX4 water resistance, making it suitable for both indoor and outdoor use.
- **Lightweight & Easy Setup** – Weighing only 2850 grams, it is effortless to carry and set up on-site.
- **Multiple Mounting Options** – Easily hang with a hook, attach with a strong magnet, or connect to any standard tripod for hands-free operation.
- **Cordless & Battery Versatility** – Compatible with any brand's 18V battery, providing flexibility and convenience.

Replacement accessories inside the battery compartment, suitable for multiple battery packs

Ideal for construction sites, workshops, and emergency lighting needs. Upgrade your workspace with reliable, bright, and durable illumination!

Product Specification

Model Number	KWL-B8000
